

LOCAL MATTERS

For this section fair weather followed Tuesday by rain, warmer, easterly winds.

THE MONUMENT.—Buberl, the sculptor, under the supervision of John Elder, the artist, of Richmond, has undertaken to reproduce in bronze Mr. Elder's famous painting "Appomattox" as a monument to the Confederate dead of Alexandria, to be erected by the surviving Confederate soldiers of this city to their comrades who fell in the war. General M. D. Corse, who with some members of the committee went to New York to inspect the clay model, on Saturday sent the following telegram to Auditor Marye at Richmond:

NEW YORK, Dec. 8, 1888.
Auditor Marye, Auditor:
Very respectfully,
M. D. CORSE.

The New York Herald of yesterday says: "A commission of distinguished Virginians visited the atelier of Mr. Caspar Buberl, No. 13 West Thirtieth street, yesterday, to inspect a memorial of the Confederate dead in Alexandria. The design, which is by John Elder of Richmond, was entrusted by that artist to Buberl, and the visitors being satisfied with the cast, which is of heroic size, will have it put in bronze. The statue is that of a Confederate soldier of the ranks, his head bowed as he listens to the command of final surrender. It is simple, powerful and pathetic."

"The Virginians who have come to inspect the cast are John Elder, the artist; Capt. Hoge, Gen. Corse, Mr. Zimmerman and Mr. Latham."

The committee from Lee Camp have returned to this city, and express themselves very much pleased with Mr. Buberl's work. The bronze founders are confident they can make a fine work of art from the model.

A strong effort will be made to induce Lee Camp to change the proposed site of the monument. A park is much needed in this city, and an enterprising citizen has offered to secure the necessary ground free of cost to the Camp if they can determine upon a suitable location.

GOOD TEMPLARS.—The Grand Lodge of Good Templars of the State met in Marion on Tuesday last adjourned on Friday.

Roads City was selected as the next place of meeting. The report of the Committee on Juvenile Templars was submitted, recommending this department of the work and fixing the salary of the superintendent at \$150 per annum. The per capita tax was fixed at 10 cents. It was decided not to appoint a deputy Right Worthy Grand Templar. The committee on State of the Order made a report, which was unanimously adopted. The rebate system was abolished. It was voted that a State lecturer be appointed by the Executive Committee, and the salary to be fixed at not less than \$100 per month. The report of the committee on legislation was adopted, as was also the report of the committee on constitution and by laws. This latter committee recommended that the representation remain as at present. A proposition to establish a joint stock company for the purpose of publishing an official organ was defeated, and the Good Templar, Sentinel, of Portsmouth, was endorsed. The following representatives to Right Worthy Grand Lodge of the World, which meets at Chicago next May were elected:—viz: Colonel J. R. Miller, of Pulaski; Major J. W. Newton, of Staunton; W. F. M. Edwards, of Portsmouth, and L. B. Staats, of Fairfax. Alternates: Captain W. C. Dutton, of Portsmouth; J. B. Hawhurst, of Fairfax; Hon. J. N. Stubbs, of Gloucester, and A. T. Lincoln, of Marton.

POLICE REPORT.—Last night was clear until about 2 o'clock when it became cloudy. There were six lodgers and two prisoners at the station house.

The Mayor this morning disposed of the following cases:

Wm. Johnson, colored, arrested by officer Brenner charged with interfering with officers in the discharge of their duties, was discharged for want of evidence.

Cassius Briscoe, arrested by officer Young charged with shooting in the street, was fined \$1.

Jno. Jones, charged with indecent conduct at the local depot, was fined \$5 or given 30 days.

Ernest Wilson, arrested by officer Davis on suspicion of stealing goods from Mrs. Watley, was discharged for want of evidence.

A young man, arrested by officer Grady for an assault on a woman, was fined \$250.

Wm. Corbin, colored, arrested by officer Price for disorderly conduct, was discharged with a reprimand.

Susan Gaines, colored, was sent to jail to await an inquiry as to her sanity.

REPORT FILED.—On Saturday last Mr. J. S. Fowler, U. S. examiner and master commissioner, filed his report in the case of the United States vs. the Alexandria Canal Company et al., on the petition of the city of Alexandria. The commissioner reports that it is evident that the demands outstanding against the canal company, due the City Council of Alexandria, amount with interest to the sum of \$107,743.33. He leaves it to the court to decide whether the Alexandria Canal Company should be allowed an offset on account of the depreciation of the stock of the City Council of Alexandria sold by the canal company at a loss of \$40,646. The matter will come up before Judge Hughes of the U. S. Court in this city next month.

YESTERDAY was a quiet Sunday, the threatening weather of the morning keeping many persons indoors, which lessened the attendance at the churches, nor were there as many visitors in the city as usual on bright Sundays. In the evening, however, the sun came out brightly and many persons were on the street. The night, too, was bright and mild, and all the churches, at which services were held, had large congregations. The police report no disturbances as having occurred during the day.

SETTLEMENTS.—The compromises in the cases of Francy, Frere and Auger against the railroad, growing out of the Four-mile run accident in 1885 mention of which has been made in the GAZETTE, have been settled, the amount in each having been paid to day.

THE CITY COUNCIL.—The city council will hold its regular monthly meeting tomorrow night. The subject of street improvements will probably be introduced by the committee on streets, with a proposal by the committee to pave Patrick street from King to Princess street, three blocks, under the newly-amended paving section of the city charter. Under the old charter the consent of two-thirds of the holders of real estate was needed in order to compel the real estate adjacent to pay two-thirds of the cost of street paving; but under the new charter an act of council can direct the paving and enforce the payment on the property owners. The subject of the new oil gas plant will, it is expected, also come up for consideration, as will also the resolution offered at the last meeting in reference to the charter of the Alexandria Water Company.

PERSONAL.—Messrs. Geo. S. French and L. E. Uhler left this morning for King George county where they will engage in a rabbit round up, in which if they can't catch 'em they will shoot 'em. Their stay will depend upon the forbearance of the citizens of "old Bags."

CORPORATION COURT.—Judge Charles E. Stuart presiding. The court designated this as a term for the trial of civil as well as criminal cases and a writ was issued for a jury for Friday next, when a number of coupon cases will come up.

The report in circulation on Saturday, and which was published in the GAZETTE, that Mr. Geo. Lamb, of this city, had been killed by an accident on the B. & O. railroad turns out to be untrue, to the relief of his many friends. It is said that the man killed was a tramp named Lamb.
